- Help out at the NA-YGN PD Conference**
 If you are attending our annual workshop in Miami, we need your help! As you know, many of the young professionals can't make it due to lack of funds or unavailability. What we like to do in NA-YGN is help 'capture the moment' so that they can still get value out of our meetings. This is a chance for you to help develop a comprehensive summary workshop report, which subsequently can be used for trip reports for when you get back to the home front. What we need are 12 session writers and 10 microphone runners. The session writers will take notes of a specific session so that a compilation document can be developed after the conference. Microphone runners will carry the microphone around the conference space during the different sessions for participants to ask questions of the speakers. If you can volunteer to help, please email shatara@na-ygn.org .

Upcoming Activities

- **NA-YGN Professional Development Event at the Canadian Nuclear Society Conference, June 3, 2007 in Saint John New Brunswick.** Come join in for a day events focused around "Taking Charge of Your Professional Development". Register on line for the entire conference at http://www.cns-snc.ca/home_eng.html
- **NA-YGN Professional Development Workshop, May 22-23, 2007 at the Fairmont Turnberry Isle, Aventura Florida.**
 - Register now for the 2007 North American Young Generation in Nuclear (NA-YGN) Annual Workshop to be held May 22-23 just prior to the Nuclear Energy Assembly in Miami, Florida. The theme for this year's workshop is **Make a Difference: Be a Leader**. The preliminary agenda includes sessions on promoting nuclear science and technology, building project management skills, understanding how to be a change agent, ethics, and more. register.nei.org/conferences/naygn07registrationform.asp
 - Local chapter leaders are invited to attend a working group meeting the morning of Tuesday, May 22. In addition, young professionals interested in serving on international committees are encouraged to attend an organizational meeting the morning of Thursday, May 24.
 - Young professionals and students in all areas of nuclear science and technology are encouraged to attend the workshop. For more information on this conference, go to www.nei.org
 - *A limited number of scholarships are available. Requests for support must be submitted by March 14, 2007 to Christine Csizmadia at 202.739.8033 or by email at cmc@nei.org.*

NA-YGN Objective:

NA-YGN organizes meetings and events to facilitate networking among young industry professionals and sponsors professional development workshops for members.
